Before the Commissioners Charged with Neglect of Duty.

"The Evening World" Exposed the 31st Street Gambling-House.

Reporter Suilivan Testifies to Playing Roulette There.

The trial of Police Captain James K. Brice, of the West Thirty-seventh street police station, for neglect of duty in failing to suppress a gambling-house at 346 West Thirty-first street, was beguine for some time.

The attention of the police authorities was first called to the place by The Evening World" no Saturday, June 2.

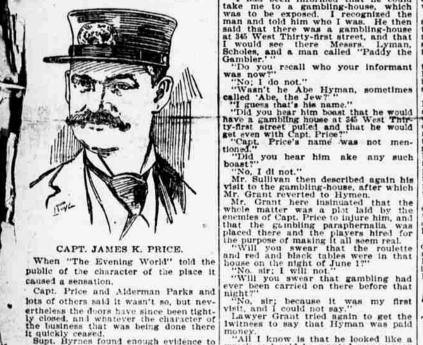

It had been doing a flourishing business, and that class of patrons was of the kind that gambling-house like to encourage and which can only be attracted where there is some sawance of immunity from arrest.

Capt. Price was said to be ignorant of the seistence of the places of the New as one of the places supposed to have a pull, and the supposition was loss of the Commestine, and the supposition was loss of cards and stated that he was a newspanear reporter, and visited the house 346 West Thirty-first street on the might of June 1 at a tool 10.36 of check. This was one of the places supposed to have a pull, and the supposition was based upon the suspicion that Alderman Charles Parks, of the Thirteenth District, was the owner of the property.

The trial excites unusual interest. There is a crowd in attendance, most of whom come through pure curiosity, while others have been subpsensed as witnesses. Among the spectators are several friends of Alderman Parks.

Capt. Price was fined five days pay on being found guilty of failing to suppress a disorderly house at 528 and 539 Seventh avenue, last March. He denied the house was of a disorderly character and declared his inability to get evidence to warrant a raid.

Supt. Byrnes found no difficulty, however, in getting evidence. Detective Grady and another Central Office detective found evidence upon which a warrant for the arrest of the proprietor was issued, and the place was raided and closed. Commissioned MacLean voted for dismissal as the proper penalty, but the other three Commissioners, who had voted a whitewash on the pre-locus trial, thought five days' pay a sufficient penalty.

pre lous trial, thought five days' pay a sufficient penalty.
There is considerable speculation as to the result of the oresent trial, and it is freely conjectured that should the verdict be "guilty" the penalty will be dismissal. There are others, however, who declare that it will be another whitewashing affair, or something very nearly approaching it.

Capt. Price has said that he will not resign. He can afford to take the chances of a trial and dismissal, for he may soon retire under the twenty years' service law, on half pay, providing the Commissioners do not hasten his departure from the force. When that time comes he will be free to talk, and it is believed by many that he will talk out loud and very effectively if a chance is afforded.

If he is d'amissed Capt. Price will be

out loud and very effectively if a chance is afforded.

If he is d'smissed Capt, Price will be free to testify before the Lexow Committee, The Captain does not fear dismissal. He seems to feel that there are two horns to the dilemma, with a shock at either end for the Commissioners.

Lawyer Louis Grant appeared as counsel for Capt, Price, and Lawyer Fred B. House, of Friend & House, was present to look after the interests of Alderman Parks, who was in the courtroom when the trial began.

Assistant Corporation Counsel Blandy appeared before the Commissioners and opened the proceedings by stating that he found himself considerably hampered by the fact that Florence J. Sullivan, upon whose affliavit the complaint was made, was not present, and although diligent efforts had been made to find him no trace of his whereabouts could be

no trace of his whereabouts could be found.

The Commissioners decided that the case might be opened, and in the event of Sullivan's failure to appear, an adjournment could be taken until such time as his presence before the Board could be secured.

Supt. Byrnes was the first witness called. He testified that the first intimation he had of a gambling-house being conducted at 345 West Thirty-first street was the publication of the fact in a newspaper.

He wrote a letter to the publishers sking for evidence, and Sullivan called ad made an affidavit on which the aplaint was formulated and approved a cross-examination by Lawyer Grant, pt. Byrnes testified that he had made no effort to either confirm or deny the charges made against Capt. Price. He reterred the matter to Inspector McAvoy, was commanded the Captain to submit a lay in writing, which he did.

Supt. Byrnes found enough evidence to warrant a complaint, and on this evidence Capt. Price is placed on trial.

The trial excites unusual interest.

It was signed "Sincere Friend," and stated that the writer had overhaerd a conversation between Abe Hyman and a newspaper reporter the night before at Kelly's saloon, and that Hyman had boasted that he intended to have a place kept by Alderman Parks raided on Saturday night. The witness said that he could not account for the writing of the letter, as there was no one within hearing when he held his conversation.

"I should say that they could be moved."

Com. Murray—"Did you make any inquirles in the neighborhood as to the character of the place."

"No, sir; I did not."

"Then you didn't inquire whether the place was known as a gambling-house, and all you knew was what Hyman told you?"

"That's all I knew until after I visited the place."

Com. Murray—"Was there any one playing when you entered?"

"No, but Meyers began as soon as I entered. He was a sort of copper—a half attache of the place, as it were."

Commissioner Martin asked several questions as to the difficulty in obtaining entrance. Then Mr. House, as sisted by Mr. Grant, tried to tangle the witness, but they falled to shake the burden of his testimony. After they had finished the witness was excused, and Mr. Grant addressed the Commissioners.
